### Letter of appreciation

Dr. Klaus Schustereder worked from the 8<sup>th</sup> of July until the 12 July 2020 on the behalf of the Physis Foundation in the Province Faryab in Maimanar in collaboration with the Provincial Health Directorate to improve strategies against the Covid 19 pandemic. We highly appreciate his efforts. His clinical experience in the treatment of infectious disease as well as his leadership skills are of great support of our province. We hope a long term collaboration can be built with the Physis Foundation. We very much appreciate the exceptional ideas and innovative approaches the foundation has in the field of infectious diseases.

با احترام  
دوکتور محمد نعیم (مصمم)  
رئیس صحت عامه فاریاب
